

Community Referral Processes and Resources

AcadeMir Charter Schools Preschools implement a structured process to connect families with community resources that support the academic, social-emotional, and health needs of students. School staff collaborate with local agencies and provide referrals to families as needed, ensuring access to essential services. Documentation includes referral logs, parent communication, and resource guides shared with families.

The school maintains and provides families with access to community-based organizations and services within Miami-Dade County, including:

- **Early Learning Coalition of Miami-Dade/Monroe (ELC):** VPK services, school readiness, childcare assistance

Referral Process

- Teachers and administrators identify student or family needs
- Families are provided with appropriate referrals and resource information
- Documentation of referrals is maintained when applicable
- Follow-up is conducted to ensure families receive needed support
